

CASE STUDY

OVERVIEW

RAZOR is a named partner on one of the largest programs at the Veterans Affairs Transformation Twenty-One Total Technology (T4) contract to support the Department of Veterans Affairs (VA) in its modernization efforts. This initiative will allow the most efficient use of technology to transform the VA's healthcare system ensuring high quality care to our veterans while providing realvalue to America's taxpayers.

PROBLEM

Major government Integrator had issues with their multiple partners managing their consultants:

1. **Volume of resources at critical project milestones**
2. **Onboarding their consultants (ineligibility to obtain public trust security clearance)**
3. **Consultant quality, consultant engagement and retention**
4. **Delivery on KPI's and Management Status Reports**
5. **Budget management**

SOLUTION

RAZOR has leveraged its solution expertise as well as our **Rapid Resource Deployment®** model to quickly ramp up multiple scrum teams of 90+ FTE's in 18 months, while providing resource management.

RESULT

The Integrator was able to focus their energy on delivering the program on time and on budget.
